

The Event:

The Kamiak Butte Pot Luck - Review

On July 19, the society once again held its annual potluck/bocce ball tournament at Kamiak Butte. We dined on wonderful food and wine provided by the members and competed in one of the only sports that can be performed well with a glass of wine in your hand. If memory serves me correctly, Peter Mika and Thom Carroll were the winners of this event. Their prize for winning this prestigious event was..... the admiration of their fellow competitors.

This has always been one of my favorite events because it showcases the wonderful culinary talents of our members. If you haven't been to one of these picnics, make a real effort to go next year. It is a lot of fun.
